## OUR PROCESS

### CONSULTATION

1.

During your in-home consultation, our designer will assess your space, discuss your goals and expectations, and then create a 3D design for your review.

### ESTIMATE

2.

After your project has been reviewed and you have chosen your design styles and finishes, we will provide you with an estimate and projected completion date.

### INSTALLATION

3.

Our professional installers will treat your home with care as they bring your vision to life. Your satisfaction is their first priority.

### LIFETIME GUARANTEE

4.

Our manufacturer offers a lifetime warranty on all wood products. If a product ever fails during normal use, we will replace it free of charge. Period.

# CABINETS

Our superior-grade cabinets bring luxury to your garage while providing the best protection for your stored items. Wall-mounted construction prevents water damage and makes cleaning your garage simple.

## SIMPLY ORGANIZED

We are passionate about home organization and the garage is our favorite place to begin. We create custom solutions to organize sports equipment, tools, hobbies and more so you can access items quickly and easily.

## INNOVATIVE DESIGN

Transform your garage into a functional extension of your home. Our customized solutions allow us to create an organization system to meet all of your storage needs.

# CUSTOM WORKBENCHES

Create a hobby space or custom work center with our versatile workbench options. Multi-sized drawers, doors, sink base cabinets and custom counters are designed with your lifestyle in mind.

**STAINLESS STEEL** countertops add a modern industrial feel to the garage. Stainless steel is a non-porous and stain-resistant material that is also incredibly durable. This countertop blends harmoniously with many different colors, making it a good fit for your own unique design.

**MILANO QUARTZ** laminate countertops are built to last. They are constructed with the same features of Ebony Star, including the thick edgebanding, but are meant to pair with our warm-toned brown cabinet colors.

**EBONY STAR** laminate countertops are a smart addition to your workbench. This countertop is pairs perfectly with our gray-toned cabinetry. It is accented by a thick, rounded edgebanding that provides extra durability for all uses.

**BUTCHER BLOCK** countertops were originally used in butcher shops for cutting meats and have evolved into a beautiful-yet-practical multipurpose work surface. This natural wood countertop adds character to your garage.

# STORAGE SYSTEMS

Keep your garage organized and clutter-free with our wall-mounted storage systems. Movable hooks, baskets and specialized racks provide easy access to everyday items. Overhead racks are also available for storing bulky seasonal items.

**MAKE IT YOUR OWN** — Our modular, wall-mounted organization systems maximize space while minimizing clutter. Start with our durable PVC statwall panels as your base then add your choice of accessories.

Accessories simply snap into place without tools and can be easily rearranged as your storage needs change.

# PRODUCT HIGHLIGHTS

Our complete line of garage cabinets and organization systems provide the most effective solution to your garage storage woes.

**CABINET ACCESS** — Full-swing door hinges allow doors to open wide for easy access. Additionally, cabinets can be constructed without a center dividing post to provide unobstructed access to the entire shelf width and all for storage of larger objects.

**SHELVING** — One-inch fixed and adjustable shelving is 25 percent thicker than the industry standard and has a load-bearing capacity of 100 pounds.

**DRAWERS** — All drawers include full-extension runners for easy access to all of your stored items.

**CUSTOM SIZING** — A wide variety of cabinet heights, depths and widths allows for endless design possibilities and customization. Extra deep cabinets have enough room to fit large storage bins on a shelf, doubling the capacity of the competitors' cabinets.

Let us transform your garage into a functional extension of your home. Our customized solutions allow us to create an organization system to meet all of your storage needs.

**Ready to simplify your life? Schedule your consultation today!**

**WALL-MOUNTED** — To protect your belongings from water, debris and pests, all of our cabinets are securely anchored directly to the garage wall to create a “floating” cabinet.

**SLIDING DOORS** — Innovative sliding door systems provide easy access to belongings without the need to move a parked vehicle. This dual sliding track door is particularly useful for spaces lacking adequate room for swinging doors.

**BACKING** — All garage cabinets are installed with full 1/4 inch backing. Full backing strengthens the cabinets and eliminates gaps which could otherwise provide points of entry for dust and insects.

*This design allows you to easily sweep and hose down your garage floor without risk of damaging your cabinetry.*

## GARAGE COLORS

Our garage colors are designed to define your space. Whether you want to make a statement or simply match your existing decor, your design consultant will help you choose a look that is right for you!
